INSPIRING STRATEGIES FOR ACHIEVEMENT

What does Math, Comics and Chess
have in common?

They make you think!

INSPIRED ACHIEVER MODULE

Teahoen Aaron 949-374-2756 baaron@eyedreamsla.org

ChessLife is.....

An incentive-laden program designed to encourage & reward positive behavior in youth through afterschool enrichment. Every first place finisher in ChessLife receives three comic books. Even second place wins every kid one comic for trying because there are no losers in ChessLife.

We provide immediate academic & social support to increase API scores, transform school cultures, and revitalize neighborhoods with our cross generational chess-math problems, we explore fractions, decimals, algebraic equations, geometry & percentages.

Our students are duly rewarded with nutritious snacks for their hard work.

For any questions please contact: Teahoen Aaron
Inspired Achievers Module Director , Eyedreams Inc.
